

# The Scottish Government

## SCOTTISH AIR QUALITY DATABASE & WEBSITE (SAQD)

Dr Geeta Puri

# The Scottish Government

**2010:** there are now **79** sites on Scottish website  
**17** AURN (National Network) and **62** Local  
Authority

Data is comparable to AURN and follows  
the same QA/QC procedures =  
**harmonisation** of majority of Scottish air  
quality monitoring data

# The Scottish Government

Data collection, site visits and QA/QC

*Database and website*

Trend analysis

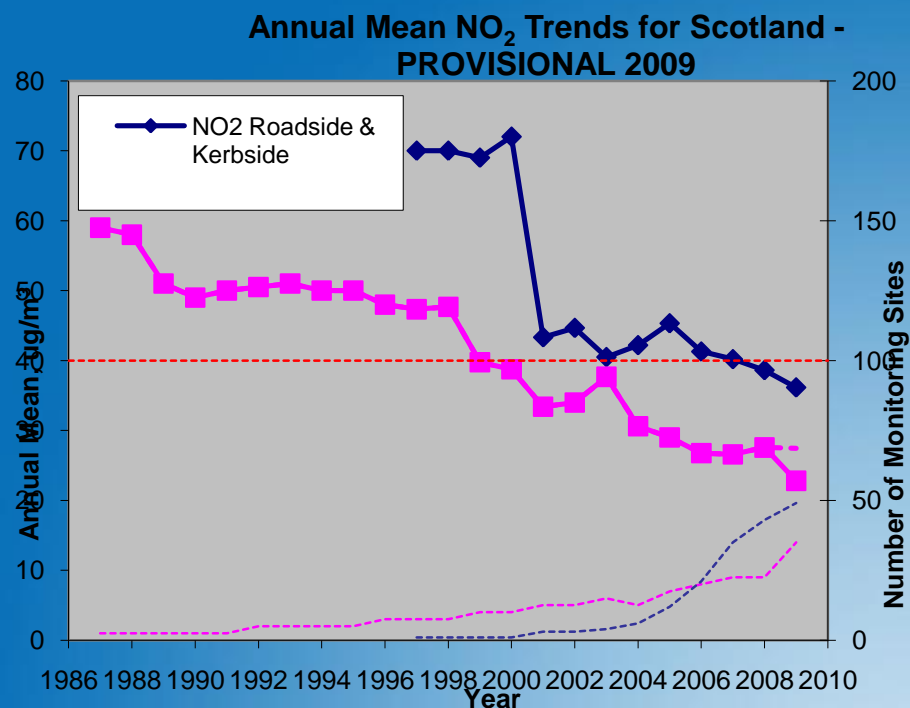

Spatial analysis (mapping)

**Reports, meetings and seminars**

# The Scottish Government

**SAQD has reached a critical mass of harmonised data across Scotland - it is now a useful repository from which we can derive trends and a Scottish AQ indicator**

# The Scottish Government

- ✓ Local Authority monitoring data
- ✓ AURN & affiliate sites
- ✓ SPRI link

Most of the routine air quality monitoring in Scotland on the site (including LAQM map and reports). Relevant research and policy documents plus news items also on site

What about

Ecosystem effects? Critical loads, acid deposition

Climate change synergies? Links between emissions and climate
